  - (iv) Testimony before the Senate Commerce Committee on September 17, 2008 in connection with my nomination to the Board of Directors of the Corporation for Public Broadcasting.

18. Given the current mission, major programs, and major operational objectives of the department/agency to which you have been nominated, what in your background or employment experience do you believe affirmatively qualifies you for appointment to the position for which you have been nominated, and why do you wish to serve in that position?

I was a member of the Board of Directors of the Corporation for Public Broadcasting from 2008-2012, and from 2012 to the present; and by election of my board members served in 2011 and 2012 as its Chair and 2017-2018 as its Vice Chair.

I previously served on the Board of Directors of KCET, public broadcasting for Los Angeles, and served as its chair for several years. I have practiced law in the entertainment, communications and media field for many years, and serve on the Board of Councilors of both the USC Annenberg School for Communications and Journalism and the USC Gould School of Law. I chair the Institute on Entertainment Law and Business of USC.

I wish to serve in the position for which I have been nominated because I believe that we should continue to provide universal access in the United States to high quality non-commercial programming and telecommunication services. I further believe that the functions of CPB are essential and I would like to continue in my role in connection therewith as the steward of federal funds and to initiate action in education, veterans' affairs, countering the dropout rate in high schools, archival efforts and to quality and balance and transparency in editorial areas and fundraising in public broadcasting.

19. What do you believe are your responsibilities, if confirmed, to ensure that the department/agency has proper management and accounting controls, and what experience do you have in managing a large organization?

As a Board Member, our fiduciary duty is to oversee senior management and management performance. The Board, directly and through its Audit Committee, receives regular reports, as well as reports from the OIG. Our job is to remain diligent and current, and I am confident that I have so performed during my tours on the Board. I intend to continue doing so, if appointed.

Further, it will be my duty to remain current with CPB's affairs and finances and to do everything possible in that position, to ensure that the agency complies with all of its obligations, legal and moral.

I have experience in performing responsibilities as a board member including my membership on such boards as (by way of example), the following: University of Southern California; Loyola Marymount University; Corporation for Public Broadcasting; Alfred Herrhausen Society for International Dialogue; the American Jewish Committee (as well as serving as its National President); the

Boards of Councilors noted in response to question #18: QVC, Inc.; and the Pacific Council on International Policy, among others. My experience in management is principally involved with the running of my law firm.

20. What do you believe to be the top three challenges facing the department/agency, and why?

I believe that the top three challenges facing the Corporation are: (a) maintaining its funding, seeking funding alternatives and providing stewardship of the use and application of such funding; (b) supporting objectivity and balance in the public broadcasting arena, including journalistic and content integrity, transparency in content, program selection, management and fundraising; (c) to continue to support innovation, diversity, development and civic engagement in the public broadcasting system, including expanding its service to as many platforms as possible.
