

Responses to Written Questions Submitted by Honorable Jerry Moran to Martha Karolyi

*Question.* Prior to attending training the Karolyi Ranch, parents of gymnasts were required to sign parental consent forms. These forms essentially signed over parental rights while gymnasts participated at the Karolyi Ranch. What was your role in administering the consent forms and where were those records maintained?

*Response.* I had no role in administering the consent forms, and I have no knowledge of where USAG kept those records. USAG made sure that parents signed these forms and also collected the forms, but I was not present when the parents signed the consent forms.
