20. Given the current mission, major programs, and major operational objectives of the Coast Guard, what in your background or employment experience do you believe affirmatively qualifies you for appointment to the position for which you have been nominated, and why do you wish to serve in that position?

Since 1986, I have had the privilege to serve in the most demanding and rewarding operational, command, and senior staff level assignments in the Coast Guard, the Department of Homeland Security, and the Department of Defense. The entirety of these experiences have provided me with a deep understanding and ability to address complex maritime challenges. Furthermore, I have been assigned to numerous locations around our country tasked with leading and taking care of a highly talented workforce charged with promoting, defending and protecting Coast Guard, homeland and national security interests. My 35-year diverse Coast Guard background, numerous years of leadership experience, and proven track record of performance have created an exceptionally strong foundation for me to serve at the senior executive level of our service and government. I am extremely passionate and proud of the tremendous value the Coast Guard provides to

our country. I'm humbled and thankful for the opportunity to continue serving and strive to make the Coast Guard the preeminent global leader in maritime rescue and contingency response so that the Department of Homeland Security remains aggressively postured, ready, and capable to meet all current and future domestic and international threats and challenges.

21. What do you believe are your responsibilities, if confirmed, to ensure that the Coast Guard has proper management and accounting controls, and what experience do you have in managing a large organization?

If confirmed, it will be my ultimate duty and responsibility to ensure the Coast Guard workforce performs to the absolute highest standards of integrity and moral principles. As a model organization of ethical managers and watchful stewards of public resources and trust, I pledge to continually strengthen the Coast Guard's unwavering commitment to administer the American taxpayer's dollars as efficiently and judiciously as possible.

(2019-2021) As the Coast Guard Eleventh District Chief of Staff, I was the principal advisor to the District Commander and second in Command of an extremely demanding 3.3 million square mile, 4-state (CA, AZ, NV, UT) district and Eastern Pacific international counter-drug operations covering 10 partner nations. I led a 183 member district staff comprised of 9 Divisions, and a joint District Eleven-Pacific Area Command Operations Center. Additionally, I provided executive oversight of a 5600 plus Active Duty, Reserve, Civilian, and Auxiliary workforce, 4 Sector Commands, 5 Air Stations with multiple H-65, H-60, C-27 aircraft, 19 Coast Guard cutters (comprised of 87 Coastal Patrol Boats, Fast Response Cutters, 2 large Buoy Tender cutters), and 14 small boat stations. This pinnacle leadership position allowed me to develop and provide strategic and tactical level guidance to both staff members and operational units which gave me an exceptional breadth of involvement across the entire range of Coast Guard missions combined with the real world application of managing and executing a multi-million dollar annual budget.

(2016-2019) As Sector Commander, Captain of the Port, Search and Rescue Mission Coordinator, Officer-in-Charge of Marine Inspections, Federal Maritime Security Coordinator, Federal On-scene Commander, and Air Station Commanding Officer of the San Diego region, I was entrusted with statutory authorities and responsible for the safety and security of the largest naval port in the Pacific directing Coast Guard missions and inter-agency

operations in the southwest coastal and offshore corridor of the United States. I led a 450 member workforce and over 600 Coast Guard Auxiliarist on a major Coast Guard installation with 26 facilities including an inter-agency Joint Harbor Operations Center, three 87-foot Coastal Patrol Boats, three MH-60 multi-mission helicopters, an Aids to Navigation Team, and a Small Boat Station. With these assets, I also provided executive oversight of the international Maritime Boundary Line to disrupt Transnational Criminal Organizations. To this end, I was responsible for ensuring the responsible management, safeguarding, and execution of a multi-million dollar operating budget and federal property.

22. What do you believe to be the top three challenges facing the Coast Guard, and why?

a. "Gray zone competition and a global-impact Coast Guard." The demands on the Coast Guard today and tomorrow are very different than when I joined over three decades ago. The global rules-based order is challenged on a daily basis making the Coast Guard an increasingly critical and non-duplicated bridge between the Department of State's diplomacy and the Department of Defense's lethality. The Coast Guard is the right tool to set and model norms where able and confront the competition of our adversaries. But this increasingly national relevance does pose a challenge for the Service as it works to balance these growing demands abroad with the relentless domestic impacts of climate change and other threats to our coasts.

b. "Climate Change impacts increasing Coast Guard large-scale deployment surges." More storms at home are driving more frequent full-scale Coast Guard mobilizations that severely tests our ability to protect the American people. Contingency response has always been the Coast Guard's marquee mission capability. In addition to our 11 statutory missions, our Service carries the three basic roles of Maritime Safety, Security, and Stewardship. Additionally, we are the coastal defense, search and rescue, and maritime law enforcement branch of the United States Armed Forces. Increases in frequency and intensity of hurricanes, wildfires, storms, and amplified tidal forces challenges the Coast Guard to develop a sustainable surge capacity that can respond to contingencies on multiple fronts ensuring the service will continue to be Semper Paratus (Always Ready) to respond, protect and safeguard the American public.

c. "Ready Today vs. Ready Tomorrow" The Coast Guard is an incredibly adaptive organization. Our adaptable culture creates a workforce and capabilities that are flexible and scalable. Our platforms are multi-mission and our workforce is, too. But geopolitical, social, technological drivers are quickly changing our operating environment. For instance - rapid adoption of technology is changing the way our domestic Marine Transportation System and global shipping operate. The ability of Coast Guard regulatory oversight to keep pace with industry adoption of technology is a major challenge; especially with automation in the Maritime Transportation System, and offshore shipping and growth in the commercial space industry will drive additional Coast Guard maritime responsibilities and demand. To prepare for tomorrow, the Coast Guard must continually evaluate and improve the way we manage talent. And I believe that an inclusive, diverse workforce is a force multiplier needed to meet future emerging demands on the service. The challenge is striking the right balance between a Coast Guard that is fully ready to keep faith with the American people today while also preparing for a rapidly changing future.

Please see my nominee PFDR. My spouse and I are co-partners in three Limited Liability Companies (LLCs). All proceeds from the business are reinvested in the maintenance of the properties and in the checking accounts shown on my PFDR. My wife and I will continue to rent out two of the properties while the third currently serves as our primary residence. I will continue to keep all activities relating to my three LLCs completely separate from my federal responsibilities to avoid a conflict of interest or even the appearance of a conflict of interest.

2. Do you have any commitments or agreements, formal or informal, to maintain employment, affiliation, or practice with any business, association or other organization during your appointment? If so, please explain.

Yes, the three LLCs described immediately above and in Parts 1, 2, 3, 5, & 6 of my PFDR are an ongoing commitment. All of the LLCs are managed by my spouse and I will ensure that they do not conflict with my federal responsibilities.

3. Indicate any investments, obligations, liabilities, or other relationships which could involve potential conflicts of interest in the position to which you have been nominated. Explain how you will resolve each potential conflict of interest.

None, but if a conflict of interest or potential conflict of interest arises I will seek the advice of a Coast Guard ethics official and follow that advice.

In 2010, when I was the Aviation Operations Officer at Air Station San Francisco, a subordinate officer filed an Article 138 complaint against the Commanding Officer. In response to the complaint, the District Commander initiated an investigation into the command climate at the unit. I was interviewed as a witness during that investigation. While I was not provided a copy of the Article 138 complaint itself, I surmised from the questions that the subordinate officer had made statements within it taking issue with my own leadership, as well as that of the Commanding Officer and Executive Officer. I was later informed that the investigation did not reveal wrongdoing by the Command and that the unit climate was healthy.
